

## Professional long plastic tickets for events

The 2Xtended personalizes extra long tickets for venues and major events. The device impresses with its speed and the small space requirement: up to 180 long cards can be printed in color per hour, in monochrome it is even 1.400 cards per hour. The height of the unit is only 20.4 cm (8.03 inches) and the foot print is only 0.07 m<sup>2</sup> (0.75 square foot). The 2Xpress weighs 5.2 kg (11.46 pounds).

By personalizing pre-printed cards with up to 140 mm (5.51 inches) in length, you can create high-quality, long-lasting badges, which are used, for example, at major music and sports events.

For the 2Xtended, various additional modules are available, which can be retrofitted later if necessary. There is an Ethernet module for operation in a network as well as different encoding modules for RFID technologies. The device also prints credit card size cards if required.

In addition to the YMCKO color ribbon and the black monochrome ribbon, there are numerous other color ribbon options for the most diverse project requirements at very attractive prices.

**The 2Xtended, the perfect device for a quick, effective and cost-saving production of professional tickets and accreditations for events of all kinds.**

## Technical Specifications

- Printing Technology: Dye-Sublimation / Thermal Printing
- Interface: USB 1.1 (compatible with USB 2.0)
- Ribbons:
  - Full color YMCKO for 200 cards
  - Monochrome ribbons for 2.000 prints each available in Black (K), White, Blue, Red, Green, Silver and Gold
- Printing Resolution: 300 dpi
- Printing Speed:
  - Full color (YMCKO) up to 180 cards per hour, Monochrome print up to 1.400 cards per hour
- Card Sizes: CR80 / ISO 7810 85.6 x 53.98 mm (2.125 x 3.375 inch), variable lengths of 85.6 to 140 x 54 mm (3.38 to 5.51 x 2.16 inch)
- Card Thickness: from 0.25 mm (10 mil) to 1 mm (40 mil)
- Card Feeder for 100 cards (0.76 mm / 30 mil thickness)
- Output Hopper for 50 cards (0.76 mm / 30 mil thickness)
- Driver for Windows 2000, XP, Vista, Windows 7 (32/64-bit), Windows 8 (32/64-bit), Mac OS 10.5-10.8, Windows 10 (32/64-bit)
- Encoding Options: contactless (RFID) encoder: Mifare, contactless (RFID) encoder: UHF
- Additional Options: Ethernet interface, Mini-PC for cloud connection
- Dimensions:
  - Printer: 197,8 mm (B) x 354 mm (L) x 204 mm (H)
  - (without feeder and output hopper),
  - 7.79 inch x 13.94 inch x 8.03 inch (without feeder and output hopper)
  - Printer boxed: 300 mm (B) x 500 mm (L) x 300 mm (H),
  - 11.81 inch x 19.69 inch x 11.81 inch
- Weights: Printer: 5.2 kg / 11.46 lb (without options), Printer boxed: 7.4 kg / 16.31 lb (without options)
- Warranty: 2 years

Card Size CR-80  
85.6 x 53.98 mm (3.38 x 2.16 inch)

Card Size Xtended 1  
110 x 53.98 mm (4.33 x 2.16 inch)

Card Size Xtended 2  
140 x 53.98 mm (5.51 x 2.16 inch)
